

2015

City of Weyauwega

Water Conservation Ordinance Reminder

In an effort to protect the structural integrity of the City's water distribution system without significant and unnecessary added costs, and to promote responsible outdoor watering, the Common Council of the City of Weyauwega approved an ordinance to preserve, conserve and limit water use for lawns, grass, outside plants, trees, shrubs and similar plants.

This ordinance was approved by the City Council in 2013 and closely resembles water conservation ordinances adopted by the City of Waupaca, and

other municipalities.

There shall be absolutely NO watering by unattended sprinkler systems between 11:00 a.m. and 6:00 p.m. Even-numbered addresses shall only be allowed to water before 11:00 a.m. and after 6:00 p.m. on even-numbered days. Odd-numbered addresses shall only be allowed to water before 11:00 a.m. and after 6:00 p.m. on odd-numbered days.

Use of handheld sprayers/hoses for watering is allowed at any time on any day. Newly seeded and newly sod lawns may be watered by sprinkler every day

with a permit issued by the city but only before 11:00 a.m. and after 6:00 p.m.

Violations of this ordinance will be penalized. First offense will be issued a written warning. Second offense will be fined \$10 - \$25. Third and subsequent offenses will be fined \$25 - \$100.

For more specific information, or to discuss this new ordinance, please contact the Public Works Department or City Administrator Patrick Wetzel at (920) 867-2630.

Temporary Location

Weyauwega City Hall and the Police Department will be moving to a temporary location the first week of July. You can find us at 123 E. Main Street.

The City of Weyauwega invites you to bring your family for an entertaining night of

FREE LIVE MUSIC AND CITY FIREWORKS

**FRIDAY, JULY 3rd
WAUPACA COUNTY FAIRGROUNDS**

Enjoy free live music starting at 6:30 pm until the Fireworks begin at roughly 9:30pm. You are encouraged to bring your favorite chairs, food and beverages, as concessions will not be sold at the event on the Fairgrounds.

Dog & Cat Licensing

2015 Dog and Cat Licenses are available at City Hall, 109 E. Main Street. Animal licenses expire each year on December 31st and must be renewed by April 1st to avoid a late fee.

- Spayed Female and Neutered Male \$3.00
 - Unspayed Female and Unneutered Male \$8.00
- Deadline: A late fee of \$5.00 will be charged if the owner of a dog 5 (five) months of age or over fails to obtain a license prior to April 1st of each year or within 30 days of acquiring ownership of a licensable animal.

Proof of rabies vaccine is required before a license will be issued.

*Dog & Cat License Ordinance
(Municipal Code Sec.190)*

Grass Clippings

All grass clippings from lawn mowing or other sources shall not be allowed to blow upon or accumulate in significant quantities upon any public street in the City of Weyauwega where such grass clippings could wash into any storm sewer drainage inlet.

Please do not mow grass into the roadway in front of your residence, per City of Weyauwega Code of Ordinances 419-23.

Please check out the new and improved website at

www.cityofweyauwega-wi.gov

We welcome any suggestions or comments.

Medication Drop-Box Location

Weyauwega City Hall/Police Station

109 E. Main Street – Temporary Location Starting July 6th is 123 E. Main Street
Lobby Hours from 8 am to 4:30 pm (Mon-Fri)

WHAT TO DROP

- Expired/Unwanted Prescription Meds
- Over-the-Counter Medications
- Medication Samples
- Pet Medications
- Liquid Medications
- Medicated Ointments
- Inhalers
- Vitamins

WHAT NOT TO DROP

- Needles/Lancets/Syringes
- Thermometers
- IV Bags
- Nebulizer Machines
- Diabetes Test Kits
- Oxygen Tanks
- Personal Care Products (shampoo, lotion, etc.)

Keep medications in their original containers. • DO NOT REMOVE medication name. • Cross of or remove your name. • Place liquid medication bottles in a plastic bag.

Regulation of Length of Lawn, Grasses and Weeds

The Common Council finds that lawns, grasses, and noxious weeds on non-agricultural lots or parcels of land, as classified under the City Zoning Code, within the City of Weyauwega which exceed eight (8) inches in length adversely affect the public health and safety of the public in that they tend to emit pollen and other discomforting bits of plants, constitute a fire hazard, and a safety hazard in that debris can be hidden in the grass, interferes with the public convenience, and adversely affects property values of other land within the City.

For that reason, any non-agricultural lawn, grass, or weed on a lot or other parcel of land which exceeds eight (8) inches in length is hereby declared to be a public nuisance.

The City of Weyauwega may issue written notice to require the cutting of grasses/weeds exceeding eight (8) inches in length. In the event that the issue is not resolved within the timeline identified in writing, the City reserves the right to authorize/contract for the grasses or weeds to be cut, with applicable costs and expenses to be billed to the property owner.

*Regulation of Length of Lawn and Grasses
(Municipal Code Sec. 283-6)*

How To Protect Yourself from the Costs to Remedy Sewer Back-Ups in Your Home

The City has determined that there may be certain areas within the City of Weyauwega that are prone or more susceptible to sanitary sewer backups. In some cases there may be problems with the City's infrastructure, and in other cases, there are things that cannot be prevented from the City's perspective.

When such a sewer backup does occur that is not of the negligence of the City of Weyauwega, the City's insurance carrier does not cover the cost associated with restoration, rehabilitation and clean-up of such incidents, accidents or occurrences. The costs to clean and restore your property after a sewer backup situation are usually placed on the homeowner, when the City is determined not to be negligible by law. With that, it behooves City residents to have one, or both, of the following protections in place:

1. Acquisition and possession of homeowners insurance that includes coverage for sanitary sewer backup situations.
2. A backflow preventer, which prevents sanitary sewer material from back-flowing out of the main lines and into your home.

These are two ways in which citizens may be able to limit their liability and provide funds for cleanup and restoration, should such a situation develop. The City hereby urges you to check into both of these options as it relates to providing assurances that you have protected your home and property.

The City of Weyauwega strives to minimize these situations from occurring and conducts routine regular maintenance of our lines and sanitary sewer infrastructure. However, there are times when

excessively heavy precipitation or infrastructure obstructions occur that cause such backups.

If you have any questions on this matter, please feel free to contact City Administrator Patrick Wetzel, at (920) 867-2630.

We hope that you find this information useful and that it provides you with the information necessary to make the right decisions for your property and possessions.

When a potential sewer backup situation is occurring at your home, it is absolutely important that your first call is to the City of Weyauwega Public Works Department, and not a private plumber or contractor.

The City may be able to remedy the situation independently, where a private contractor may charge you for their services.

City of Weyauwega Public Works

Reminders to Property Owners with Pets – Please Respect your Neighbors

Chapter 190-6 of the Code of Ordinances for the City of Weyauwega states:

1. No person having in his/her possession or ownership any dog or other domestic animal shall allow the

animal to run at large within the City. The owner of animal, whether licensed or unlicensed, shall keep his/her animal tied or enclosed in a proper enclosure so as not to allow said

animal to interfere with the passing public or neighbors. Any animal running at large unlicensed and required by state law or City ordinance to be licensed shall be seized and impounded by a humane or law enforcement officer or animal warden.

Chapter 190-10 of the Code of Ordinances for the City of Weyauwega states:

1. Removal of Fecal Matter. The owner or person in charge of any dog, cat, horse, or other animal shall not permit solid fecal matter of such animal to deposit on any street, alley or other public or private property, unless

such matter is immediately removed therefrom by said owner or person in charge. This Section shall not apply to a person who is visually or physically handicapped.

2. Accumulation of Fecal Matter Prohibited on Private Yards. The owner or person in charge of the dog or cat must also prevent accumulation of animal waste on his/her own property by regularly patrolling and properly

disposing of the fecal matter.

The nice weather brings out citizens as well as their pets. Please respect everyone in the community by making sure you clean up after your pets.

Keep the outdoors enjoyable for everyone!

2015 SLP "EVERY HERO HAS A STORY"

at WEYAUWEGA PUBLIC LIBRARY, 301 S. Mill Street, Weyauwega

The 2015 Summer Library Program begins on Mon, June 8th and ends on Thurs, Aug 13th.

Any child up to age 18 may sign up.

DON'T MISS OUT ON THE FUN!

Tues, June 16, 6:00pm

BUBBLE WONDERS

Motivational speaker and bubbleologist, Geoff Aikens will perform his amazing Bubble Wonders Show! Do you think that he can make a square bubble? Never say never and come see some amazing bubbles! Great for all ages!

Fri, June 26, 1:30pm

LYNN MARCKS

This program will include stories, songs, rhythm & rhyme. Lynn's focus is always the building of positive character traits & values. For all ages.

Mon, July 13, 6:00pm

SUPERHERO PARTY

Join us for all things SUPERHERO! There will be fun activities, cool crafts and awesome treats. Fun for all ages.

Mon, July 20, 6:00pm

JIM LENZ

The Magic and Science Guy, will wow you with his combination of story presentation, exciting science demos, & amazing feats of magic! Many kids will be selected from the audience to feel like real super heroes as they perform amazing stunts and tricks!

All ages will enjoy this show!

Wed, Aug 12, 6:00pm

TOM PEASE

"With movement, humor, & joy, he creates concerts that leave audiences laughing & singing. Tom connects and inspires with every show he does." Join us for a fun and entertaining program. All ages are welcome.

2015 DAILY PROGRAMS

MONDAYS - GAMES: 1:30pm (all ages)

TUESDAYS - E.L.F. 10:00am (preschool ages 2-5), FRENCH: 1:30pm, TENNIS: 4:00pm

WEDNESDAYS - BOOKIN' IT: 1:30pm (Elem-YA group), YU-GI-OH CLUB: 2:00pm (6th & up)

THURSDAYS - BASIC SPANISH: 1:30pm (K-3rd) Learn colors, numbers, animals & more.

FRIDAYS - STORIES & CRAFTS: 1:30pm each Fri. unless otherwise noted.

LIBRARY HOURS

Mon & Wed.....9:30 – 8:00 Tues & Thurs.....9:30 – 6:00

Friday.....9:30 – 5:00 Saturday.....9:30 - 1:30

2014 Consumer Confidence Report Data

WEYAUWEGA WATERWORKS, PWS ID: 46904033

Water System Information

If you would like to know more about the information contained in this report, please contact Eric Zygarlicke at (920) 707-4018.

Opportunity for input on decisions affecting your water quality

Second Monday of Every Month - Public Works Committee Meetings. Held at the Weyauwega Public Library 301 S. Mill Street. Usually starts at 6:00 pm.

Health Information

Drinking water, including bottled water, may reasonably be expected to contain at least small amounts of some contaminants. The presence of contaminants does not necessarily indicate that water poses a health risk. More information about contaminants and potential health effects can be obtained by calling the Environmental Protection Agency's safe drinking water hotline (800-426-4791).

Some people may be more vulnerable to contaminants in drinking water than the general population. Immuno-compromised persons such as persons with cancer undergoing chemotherapy, persons who have undergone organ transplants, people with HIV/AIDS or other immune systems disorders, some elderly, and infants can be particularly at risk from infections. These people should seek advice about drinking water from their health care providers. EPA/CDC guidelines on appropriate means to lessen the risk of infection by cryptosporidium and other microbial contaminants are available from the Environmental Protection Agency's safe drinking water hotline (800-426-4791).

Source(s) of Water

Source ID	Source	Depth (in feet)	Status
1	Groundwater	86	Active
3	Groundwater	90	Active
4	Groundwater	172	Active

To obtain a summary of the source water assessment please contact, Eric Zygarlicke at (920) 707-4018.

Educational Information

The sources of drinking water, both tap water and bottled water, include rivers, lakes, streams, ponds, reservoirs, springs and wells. As water travels over the surface of the land or through the ground, it

dissolves naturally occurring minerals and, in some cases, radioactive material, and can pick up substances resulting from the presence of animals or from human activity.

Contaminants that may be present in source water include:

- Microbial contaminants, such as viruses and bacteria, which may come from sewage treatment plants, septic systems, agricultural livestock operations and wildlife.
- Inorganic contaminants, such as salts and metals, which can be naturally- occurring or result from urban stormwater runoff, industrial or domestic wastewater discharges, oil and gas production, mining or farming.
- Pesticides and herbicides, which may come from a variety of sources such as agriculture, urban stormwater runoff and residential uses.
- Organic chemical contaminants, including synthetic and volatile organic chemicals, which are by-products of industrial processes and petroleum production, and can also come from gas stations, urban stormwater runoff and septic systems.
- Radioactive contaminants, which can be naturally occurring or be the result of oil and gas production and mining activities.

In order to ensure that tap water is safe to drink, EPA prescribes regulations that limit the amount of certain contaminants in water provided by public water systems. FDA regulations establish limits for contaminants in bottled water, which shall provide the same protection for public health.

Definitions

Term	Definition
AL	Action Level: The concentration of a contaminant which, if exceeded, triggers treatment or other requirements which a water system must follow.
MCL	Maximum Contaminant Level: The highest level of a contaminant that is allowed in drinking water. MCLs are set as close to the MCLGs as feasible using the best available treatment technology.
MCLG	Maximum Contaminant Level Goal: The level of a contaminant in drinking water below which there is no known or expected risk to health. MCLGs allow for a margin of safety.
MFL	million fibers per liter
MRDL	Maximum residual disinfectant level: The highest level of a disinfectant allowed in drinking water. There is convincing evidence that addition of a disinfectant is necessary for control of microbial contaminants.
MRDLG	Maximum residual disinfectant level goal: The level of a drinking water disinfectant below which there is no known or expected risk to health. MRDLGs do not reflect the benefits of the use of disinfectants to control microbial contaminants.
mrem/year	millirems per year (a measure of radiation absorbed by the body)
NTU	Nephelometric Turbidity Units
pCi/l	picocuries per liter (a measure of radioactivity)
ppm	parts per million, or milligrams per liter (mg/l)
ppb	parts per billion, or micrograms per liter (ug/l)
ppt	parts per trillion, or nanograms per liter
ppq	parts per quadrillion, or picograms per liter

TCR Total Coliform Rule

TT Treatment Technique: A required process intended to reduce the level of a contaminant in drinking water.

Detected Contaminants

Your water was tested for many contaminants last year. We are allowed to monitor for some contaminants less frequently than once a year. The following tables list only those contaminants which were detected in your water. If a contaminant was detected last year, it will appear in the following tables without a sample date. If the contaminant was not monitored last year, but was detected within the last 5 years, it will appear in the tables below along with the sample date.

Disinfection Byproducts

Contaminant (units)	Site	MCL	MCLG	Level Found	Range	Sample Date (if prior to 2014)	Violation	Typical Source of Contaminant
HAA5 (ppb)	C	60	60	6	6		No	By-product of drinking water chlorination
TTHM (ppb)	C	80	0	9.3	9.3		No	By-product of drinking water chlorination

Inorganic Contaminants

Contaminant (units)	Site	MCL	MCLG	Level Found	Range	Sample Date (if prior to 2014)	Violation	Typical Source of Contaminant
ARSENIC (ppb)		10	n/a	1	0 - 1		No	Erosion of natural deposits; Runoff from orchards; Runoff from glass and electronics production wastes
BARIUM (ppm)		2	2	0.026	0.021 - 0.026		No	Discharge of drilling wastes; Discharge from metal refineries; Erosion of natural deposits
NITRATE (N03-N) (ppm)		10	10	3.30	2.06 - 3.30		No	Runoff from fertilizer use; Leaching from septic tanks, sewage; Erosion of natural deposits
SODIUM (ppm)		n/a	n/a	11.38	6.01 - 11.38		No	n/a

Contaminant (units)	Action Level	MCLG	90th Percentile Level Found	# of Results	Sample Date (if prior to 2014)	Violation	Typical Source of Contaminant
COPPER (ppm)	AL=1.3	1.3	0.5190	0 of 10 results were above the action level.		No	Corrosion of household plumbing systems; Erosion of natural deposits; Leaching from wood preservatives
LEAD (ppb)	AL=15	0	4.10	0 of 10 results were above the action level.		No	Corrosion of household plumbing systems; Erosion of natural deposits

Radioactive Contaminants

Contaminant (units)	Site	MCL	MCLG	Level Found	Range	Sample Date (if prior to 2014)	Violation	Typical Source of Contaminant
GROSS ALPHA, EXCL. R & U (pCi/l)		15	0	1.2	-0.2 - 1.2		No	Erosion of natural deposits
RADIUM, (226 + 228) (pCi/l)		5	0	1.6	0.3 - 1.6		No	Erosion of natural deposits
GROSS ALPHA, INCL. R & U (n/a)		n/a	n/a	1.2	-0.2 - 1.2		No	Erosion of natural deposits

Additional Health Information

If present, elevated levels of lead can cause serious health problems, especially for pregnant women and young children. Lead in drinking water is primarily from materials and components associated with service lines and home plumbing. Weyauwega Waterworks is responsible for providing high quality drinking water, but cannot control the variety of materials used in plumbing components. When your water has been sitting for several hours, you can minimize the potential for lead exposure by flushing your tap for 30 seconds to 2 minutes before using water for drinking or cooking. If you are concerned about lead in your water, you may wish to have your water tested. Information on lead in drinking water, testing methods, and steps you can take to minimize exposure is available from the Safe Drinking Water Hotline or at www.epa.gov/safewater/lead.

Information on Monitoring for Cryptosporidium and Radon

Our water system did not monitor our water for cryptosporidium or radon during 2014. We are not required by State or Federal drinking water regulations to do so.

2015 REGISTRATION FOR SWIMMING LESSONS

Session I Monday-Friday, June 22nd to July 10th, 2015

Session II Monday-Friday, July 13th to July 31st, 2015

Session III Monday-Friday, August 3rd to August 21st, 2015

REGISTRATION FOR SESSION I OF SWIMMING LESSONS will be on Monday, June 15th and Tuesday, June 16th from 1:00 p.m. - 8:00 p.m. at the Weyauwega Pool for both city and non-city residents.

REGISTRATION FOR SESSION II OF SWIMMING LESSONS will be on Monday, July 6th and Tuesday, July 7th from 1:00 p.m. - 8:00 p.m. at the Weyauwega Pool for both city and non-city residents.

REGISTRATION FOR SESSION III OF SWIMMING LESSONS will be on Monday, July 27th and Tuesday, July 28th from 1:00 p.m. - 8:00 p.m. at the Weyauwega Pool for both city and non-city residents.

The cost is \$15 per person for city residents and \$20 for non-city residents who have purchased a season pass, or \$25 for city residents and \$30 for non-city residents without a season pass.

The Observation Policy will be in effect for all sessions of swimming lessons. This policy allows parents to be inside the facility to observe their child's first and last days of lessons only. This ensures that the children get the most out of their time with the instructors because both the student and the teacher are better able to focus without distractions. This policy is in effect at all YMCAs and has been very helpful in past years at our facility.

If you have any questions about dates, requirements, or anything else you may call the Swim Lake at (920) 867-2555 or City Hall at (920) 867-2630.

MORNING LESSONS are Monday thru Friday for a half hour starting at either 11:00 am or 11:30 a.m. for Level 1 thru 5.

EVENING LESSONS are Tuesday and Thursday for an hour starting at 5:00 p.m. for Level 1 thru 5.

- Level One- Introduction to Water Skills
- Level Two - Fundamental Aquatic Skills
- Level Three - Stroke Development
- Level Four - Stroke Improvement
- Level Five - Stroke Refinement

Please Note: Each level has a maximum of 10 students per lesson time so please try to have a second choice in mind when registering in case the time you want is full. Additional classes may be opened if the need arises.

PRIVATE LESSONS - \$10.00 PER HOUR

SCHEDULE WITH INSTRUCTOR FOR ANY TIME

Weather permitting; the pool will be open starting Wednesday, June 10, 2015. The hours will be: 12:30 - 8:00 p.m. Monday thru Friday 11:00 a.m. - 8:00 p.m. Saturday and Sunday

SEASON PASSES AND DAY PASSES

Season passes will be available at the pool during open swim hours. The fees are as follows:

Family	\$45 city resident, \$55 non-city resident
Family plus one *	\$50 city resident, \$60 non-city resident
Adult (18 & older)	\$30 city resident, \$35 non-city resident
Child	\$25 city resident, \$30 non-city resident

DAY PASSES ARE:

Senior Citizen.....	\$2
Adult.....	\$3
Children.....	\$2

*Family pass plus one includes immediate family and one other person such as a babysitter, grandparent, etc.

One non-swimming adult/parent may enter the pool area for free to supervise a paid child. All other non-swimmers must buy a swim pass to enter the pool area. It is recommended that all children under 12 be supervised by an adult.

POOL RULES - FOR YOUR SAFETY

- 1) No smoking, alcohol, or pets allowed.
- 2) Floating balls and noodles are allowed in the shallow end of the pool only.
- 3) All other flotation devices are not allowed.
- 4) No running, shoving, dunking, chicken fights, foul language, etc.
- 5) Do not throw hard objects, dig holes, or climb on the lifeguard chairs.
- 6) Do not sit or hang on the ropes.
- 7) Do not move or play with the aerators.
- 8) Patrons who wish to enter the deep water (past the 4 ft. rope) may be required to demonstrate their swimming ability.
- 9) Only one person is allowed on the diving board at a time.
- 10) No swimming under the dock or jumping off the dock (the dock is for swimming lesson use only).
- 11) Only one bounce is allowed on the diving board.
- 12) Dive or jump only in a straight line from the end of the diving board to avoid hitting swimmers.
- 13) No "bombing" people off the board (those who do not follow this rule will be kicked out immediately).

Other rules may need to be enforced at the discretion of the lifeguards. There are good reasons for all of these rules. We will be happy to answer any questions concerning the rules listed above.

2015 Calendar of Events

Sundays from June 14 to Labor Day	Little Red Schoolhouse Museum open to the public from 1:00 to 4:00 p.m. Located in Weyauwega Community Park
June 21	FFA Breakfast on the Farm at the Waupaca County Fairgrounds
July 3	Independence Day fireworks at the fairgrounds with live music
July 26	Community Summerfest at Weyauwega City Park
August 26-30	Waupaca County Fair at Waupaca County Fairgrounds
September 19	Annual Horse & Buggy Days parade and events
September 26	Fall Rummage-A-Rama
November 11-14	Weyauwega International Film Festival at Wega Arts
December 5	Christmas tree lighting and Santa at the Gerold
February 13-14, 2016	Fire on Ice snowmobile races at Waupaca County Fairgrounds

OUTSIDE STORAGE ON PRIVATE PROPERTY

No disassembled, inoperable, unlicensed, junked or wrecked motor vehicles, truck bodies, tractors, trailers, farm machinery, appliances or construction debris shall be stored unenclosed upon private residential property within the City of Weyauwega for a period exceeding 30 days unless it is in connection with an authorized business enterprise maintained in such a manner as to not constitute public nuisance and in compliance with City zoning regulations.

Outside Storage on Private Property (Municipal Code Sec. 378-1)

HOUSE NUMBERS

The City of Weyauwega wants to remind all residents that to ensure public safety and well being it is essential to have house numbers visible for Police, EMS, Fire and all safety personnel. The City of Weyauwega code §419-16 requires the following: The numbers shall be conspicuously placed immediately above, on or at the side of the proper door of each building so that they can be plainly seen from the street. Whenever any building is more than 50 feet from the street line, the number of the building shall be conspicuously displayed at the street line, near the walk, driveway or common entrance to such building, and upon a gatepost, fence, tree, post or other appropriate place so as to be easily discernible from the sidewalk. The numbers shall be not less than 2½ inches in height, with dark lettering against a light background. Script numbers may not be used as the primary address numbers.

City of Weyauwega

City Hall

109 E. Main Street

PO Box 578

Weyauwega, WI 54983

HOME POOL SAFETY

As the summer approaches, the City of Weyauwega would like to take the opportunity to remind residents that if you choose to put up any type of pool the liability lies with the property owner. It is important to cover the pool, remove ladders, and protect the area to prevent accidents.

Certain pools do require a permit; therefore, please contact City Hall at (920) 867-2630 before installing or erecting any pools.

STREET LIGHTS

If you notice a street light out in the City please contact City Hall at 867-2630 and notify us of the location of the light pole. If it is possible to get the pole number off of the pole that would be greatly appreciated as well. The City will then contact We Energies and relay the information to them for the repair.

CITY OF WEYAUWEGA GARBAGE AND RECYCLING GUIDELINES

All recyclable items, which include aluminum, glass, plastics (#1 through #7) scrap metal, tin and steel cans, paper products, newspapers, magazines, junk mail, container board (cereal or other boxboard), and corrugated cardboard can be put in the same container. **NO SORTING IS REQUIRED!**

- Rinse cans/bottles and discard lids.
- No oil bottles, dishes or ceramics, window, windows, mirrors, light bulbs, food containers, Styrofoam, or hard plastic.
- Cardboard should be cut to 3 ft x 3 ft (no pizza boxes or wax-lined boxes).
- Do not put recyclables in plastic bags – use bins or garbage cans.

Recyclables should be set out at the curb before 6:00 a.m. on pickup day.

All residential garbage will be collected weekly on Tuesday, with recycling pickup scheduled for the last Tuesday of every month. All material needs to be placed at the curb by 6:00 am to ensure pickup. Material that is not at the curb by 6:00 am may not be picked up that day. Residents are allowed to place garbage/recycling material at the curb up to 12 hours before this deadline.

Garbage must be secured in bags.

Garbage bags can be set on the curb or in a container not to exceed 50 pounds in weight.

Recyclable material must be placed in a box or other similar container at the curb a distance from the garbage.

Large household furniture and appliances will be picked up for an additional fee every other Wednesday of each month. Residents will need to contact Harter's Fox Valley Disposal (715-253-2619) to arrange for pickup and pre-pay for the service of large items. (Fees: \$25 for most items, \$50 for Freon items)
